

Dear Families,

Yorkville Youth Athletic Association is very excited to have made a special discovery.

New York City Chess Inc. makes the critical game of chess fun for all levels of play. Through thoughtful, fun and intelligent instruction and competition for appropriate ages, they are able to engage and command interest and joy from all participants, on a level I have not seen before.

Chess is an excellent addition to athletics and education as it helps stimulate the mind and improve areas such as critical thinking, analytical abilities, and concentration. In fact Chess is required Curricula in over 30 Countries and increasingly in the U.S.A, Colleges and Universities are actually offering Chess Scholarships.

New York City Chess Inc has figured out how to teach this timeless game in a fun way that will give our Children a necessary edge.

Please take a look at the 2 programs below that Yorkville is highly recommending for each and every one of our children, regardless of their previous experience with the game.

*Arlene Virga
Executive Director
Yorkville Youth Athletic Association*

1. HEAD START CHESS "basics and beyond"

All Levels:

An exciting introduction to the game of Chess, Students will enjoy instruction; Chess art projects, real live games and fun "Tournament like" activities.

Students receive training according to their individual levels.

Head Start is whole new way to introduce, engage and captivate beginners and intermediate Players in the new (yes new) exciting game of Chess.
The key? The pace!

Chess Fact: **Chess is required curricula in over 30 Countries.**

2. Chess NYC Instructional League play! "Where everyone is a winner" Every Level:

Students will enjoy multiple stations of "technique training" for 30 minutes and then begin playing; good natured, competitive, League Chess play. Results and weekly standings will be posted. Instructors will observe and offer specific training to students based on these observations.

Chess NYC's unprecedented approach promotes learning through, instruction, games, competition and then...tailored instruction...and back to games.

Many legendary, famous Chess Players will appear at these sessions.

Chess Fact: **Over 25 U.S.A. Colleges and Universities offer Chess Scholarships.**
